color v kolore
column n kolòn, pilye
comb peny
come vini
come in antre
comfort n konfò v konfòte
comfortable adj konfòtab
comic adj komik
command v kòmande
commence kòmanse
commerce komès
commission komisyon
commit v komèt
common komen
communal kominal
communicate v kominike
communication kominikasyon
community *kominote*
company konpanyi
compare konpare
comparison konparezon
competition konpetisyon
complete v konplete
complete adj konplè
complicate konplike
compose konpoze
compound konpoze
comprehend konprann
comprehension konpreyansyon
computer konpitè
conceal kache
concentrate konsantre
concentration konsantrasyon
concept konsèp
concerning konsènan
concede brèf
conclude konkli
conclusion konklizyon
concrete adj konkrè
concrete n beton

condemn kondane
condition kondisyon
conduct v kondwi
conduct n kondwit
conference *konferans*
confess v konfese
confident konfidan
confirm konfime
conform v konfòme
confront v konfwonte
confused adj egare
confusion konfizyon
congregate rasanble
conjugate konjige
conjugation konjigezon
conjunction konjonksyon
connect konekte
conquer konkeri
conscience konsyans
consent v konsanti
consider konsidere
consistent konsistan
consolidate konsolide
constant adj konstan
construct v konstwi
construction konstwiksyon
consult v konsilte
contact v kontakte
contaminate kontamine
contest konpetisyon
continent kontinan
continue kontinye
contract kontra
contradict kontredi
contrary adj kontrè
contribute kontribye
contribution kontribisyon
control v kontwòle
convenient pratik
conversation konvèsasyon
convert konvèti
convict n kondane
convince v konvenk
coordination kowòdinasyon
coordinate v kowòdine
cook v kwit
cook n kizinye
cool frèt
copper kwiv
copy n kopi, v kopye
cord n kòd
cork n bouchon
corn mayi
corner n kwen
corner v kwense
corpse kadav
correct adj kòrèk
correct v korije
corrupt kòronp
cost v koute
cost n pri
cotton koton
couch kanape
cough n tous
cough v touse
council konsèy
count v konte
country peyi
county departman
couple n koup, pè
courage kouraj
course n kous
ofcourse men wi
court tribinal
courteous koutwa
cousin (m) kouzen
cousin (fem) kouzin
cover n kouvèti

cover v kouvri
cow bèf, vach
coward kapon
crack n krak, fant
cradle bèso
crash v kraze, fraka
crawl ranpe
crazy fou
cream krèm
create kreye
creature kreyati
credit n kredi
credit v kredite
creek rivyè
creep v ranpe
crew ekip
crib bèso
crime n krim
criminal adj kriminèl
cripple n enfim
crisp adj sèk
crop rekòlt
cross kwa
cross v kwaze
crow kònyè
crowd n foul
crowd v ankonbre
crucify v krisifye
crude adj grosye
cruel kriyèl
cruise kwazyè
crumb kroust
crush v kraze
crust kwout
cry v kriye
Cuba Kiba
cult kilt
culture kilti
cup tas, gode
cure v swanye
cure n tretman
curious kirye
curl pli
currency lajan
current adj kouran
current n kouran
curse v joure
curtain rido
curve koub
cushion kousen
cut v koupe
cute bèl
dad papa
daily toulejou
dam n baraj
damage n domaj
damage v domaje
damp mouye, mwat
dance n dans
dance v danse
danger danje
dare v defye
dark fonse, nwa
darling cheri
darkness fènwa
dart n flèch
dash (hyphen) tirè
data n done
date dat
daughter n fi
dawn avanjou
day jou
day after tomorrow après demen
dead mouri, mò
deaden amòti, mouri
deaf soud
dear cheri
death lanmò
debate debat
debt dèt
decay v dekonpoze
deceive deseewa
December desanm

deception desepsyon
decide deside
decision desizyon
deck platfòm
declare deklare
decline deklina
decorate dekore
decrease diminye
deep fon
default defo
defeat v bat, venk
defect defo
defense defans
definite definitif
definition definisyon
defy defye
degree degre
delay v retade
delegate v delege

Biography

Otto Schick is a Mechanical Engineer who has travelled and lived overseas many years, involved with engineering projects both professionally and on a volunteer basis. His interest in foreign languages started early.

Through necessity he learned other languages quickly by focusing on the most common words in each language, placing less emphasis on obscure words in many dictionaries.

Mr. Schick speaks several languages to various degrees and has been involved with projects in Haiti using both French and Haitian. His first trip to Haiti was in 1985.

Introduction

The *Diksyonè Otto* began several years ago as a ministry project to help Haitians learn the most important English vocabulary.

In this dictionary we refer to the language as Haitian (Ayisyen) instead of Creole or Haitian Creole. Several other recent dictionaries and texts also call the language Haitian and this may be a future trend.

Many dictionaries contain 10,000, 20,000 even 50,000 word entries or more, and this level of detail is necessary for advanced study.

But a person who masters the most common 2000 to 3000 words of any language will be able to understand 80 to 90% of most daily communication in that language.

Our strategy was to focus only on those words that will be used frequently on a daily or weekly basis.

There are about 3000 words translated in each direction and a student who focuses on these 3000 words will be well on their way to speaking English or Haitian.

Haitian is changing rapidly which no doubt will continue as spellings are standardized with IPA and local phonetic standards.

English speakers learning Haitian should know the Haitian language often contains multiple variations of the same word.

This dictionary usually gives the student only one spelling of the Haitian word based on our current recommendation. While perhaps not ideal for some situations, we have filtered out many alternate spellings to keep the document brief and cost of distribution low.

With only 14 pages of dictionary users can rapidly view the entire language with only a few turned pages, a feature unique among available Haitian language reference materials.

Students seeking a more detailed dictionary will be well advised to make use of the excellent scholarly texts referenced here. These dictionaries will provide alternate Haitian spellings as well as essential usage examples.

Our dictionary has given more priority to the usage found in references written in the year 2000 or later.

We have also surveyed usage of Haitian on websites where beneficial to compare our entry recommendations to usage found there.

We also usually provide Haitian speakers only one recommended English word which we believe to be the most common word used by everyday Americans in daily conversation.

Some words we may consider "Ayisyangle", english words in original form or close equivalent such as twòk (truck). These are words already seen in other dictionaries (though spelling might vary) and for these types of words we have included a recommended spelling for our users.

Other words are not frequently seen yet in other dictionaries but have been included. For example "titè" (tutor), not common in other dictionaries, is seen on the internet, such as Haitian translations on US school district websites. Whether titè is arriving via french 'tuteur', or english 'tutor' is less known to us, but since these types of words are commonly seen we found them worthy of addition.

We have listed in our references those French based documents that were also useful in our phonetic or origin analysis.

I am very optimistic Haiti will grow and prosper through the hard work, intelligence and dedication of the Haitian people.

My sincere hope is that this dictionary will be a part of that progress, and will help you, your friends, family and colleagues prosper in learning English or Haitian.

This document is dedicated to my parents, Otto and Mildred Schick, who have always given freely and fully of themselves to help their children live their dreams.

Otto Schick
San Juan, Puerto Rico
March, 2009
